Organiser's comments

Thanks to everyone who came along. Entries were spread across all the courses and the numbers were well up on last year's fog-ridden event at the same venue. Everyone seemed to appreciate the indoor reception and the courses, despite the sting in the tail of the 'technical' course. There was not a single 'mispunch' or non-finisher; perhaps helped by **Cath Wilson's** coaching session, of which a good number took advantage prior to running. We hope you found it useful.

Thanks to all the SELOC helpers on the day, especially Clive for planning courses and putting out controls:

Clive Atty
Roy Stevenson
Wendy Olsen
Caroline Barcham
Alan Heron
Mark Seddon

With apologies for these splits taking longer than usual to produce. This is due to discovering an incompatibility between some of the SI Cards and the combination of printout station and results software normally used.

Paul Turner
SELOC
